

RAMLEGH PARK PRIMARY SCHOOL

COVID-19 Mandatory Vaccinations

Information Collection and Recording Procedures

Ramleigh Park Primary School follows Department of Education and Training policy in relation to implementing the COVID-19 mandatory vaccination directions issued by the Victorian Chief Health Officer:

- [COVID-19 Vaccinations – Teaching Service and School Council Employees](#)
- [COVID-19 Vaccinations – Visitors and Volunteers Working on School Sites.](#)

Under directions issued by the Chief Health Officer, we are required to collect, record and hold COVID-19 vaccination information from any person performing work on school site to ensure they meet the mandatory vaccination requirements in order to enter or remain on school site.

For school staff (being teaching service staff and school council employed staff) this information is collected by the Department. The Department also collects and manages vaccination information of certain contract providers that are managed centrally by the Department.

For all other visitors working on school site, including volunteers and CRTs engaged locally, we are required to collect, record and hold vaccination information.

The following information outlines the process Ramleigh Park Primary School staff must follow to ensure vaccination information is collected and recorded in accordance with the mandatory vaccination directions, Department policy and Victorian privacy laws.

Procedures for collecting and recording vaccination information

- Wherever possible we will contact volunteers and relevant visitors prior to their attendance on school site, to inform them of the vaccination requirements prior to attendance. At the same time, volunteers and relevant visitors will be reminded that they must not enter the school site if they are unable to provide vaccination information or if their vaccination information does not meet the requirements relating to mandatory vaccinations.
- All volunteers and visitors arriving on site to work will be required to present to our school office where staff will collect and record vaccination information in accordance with the Department policy: [COVID-19 Vaccinations – Visitor and Volunteers Working on School Site](#). Information will only be collected once, unless further information is required (such as when the person requires their second dose or where the requirements change and we are required to collect further information as a result)
- Our staff must use the [Vaccination Status Register](#) to record the required vaccination information

The vaccination register and any additional vaccination information provided by a volunteer or visitor working on school site must be stored securely in our hard copy vaccination register which is kept in a locked filing cabinet each night.

- If volunteers or visitors working on a school site are unable to provide the required vaccination information or the information provided does not meet the requirements relating to mandatory vaccinations, we will ensure they leave the school site immediately and report the incident to the Department's Incident Support and Operations Centre. For further information about how we will manage these situations, please refer to the Department's policy: [COVID-19 Vaccinations – Visitors and Volunteers Working on School Sites](#).

Parents, carers and other adults visiting school sites

Under the Department's policy [COVID-19 Vaccinations – Visitors and Volunteers on School Sites](#):

- Parents, carers and other adults who enter school buildings must have had two doses of COVID-19 vaccine (as of 29 November) or have a *valid medical exception*, with certain exceptions prescribed in the Department's policy.
- Parents, carers and other adult visitors attending outdoor gatherings and events on school site must have had two doses of COVID-19 vaccine or have a valid medical exception.

In accordance with this policy, our school will ask all parent to use the office door entry when entering school buildings, check-in using the QR Code, and show office staff their vaccination status or a valid medical exemption AND/OR ensure event information includes requirements relating to vaccination status and that planning for events includes the process by which our school will check vaccination information.

Vaccination information of parents and cares will not need to be recorded, unless they are attending the school to work on site.

If staff have any questions in relation to these procedures, contact the administration office staff.
